Hole Diameter:

0.204 inches

Outside Diameter:

0.381 inches

Material Thickness:

Between 0.018 inches and 0.024 inches

End Application:

738629 (53711) engine assembly

Hardness Rating:

60.0 rockwell b

Product Name:

Internal-tooth lock washer

Special Features:

Material: phosphor bronze; is corrosion resistant, and non-magnetic

Material:

Copper alloy

Style Designator:

Flat internal teeth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
