Hole Diameter:

0.125 inches

Shoulder Diameter:

0.156 inches

Outside Diameter:

0.250 inches

Overall Height:

0.216 inches

Shoulder Height:

0.171 inches

End Application:

Navy code 000a6284

Product Name:

Insulator bushing

Special Features:

Operating temp 200 degrees f; 94 hb

Color:

Natural

Material:

Plastic

Material Specification:

Astm d4181, delrin, virgin grade assn standard single material response

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
