Hole Diameter:

Between 0.193 inches and 0.200 inches

Outside Diameter:

0.334 inches

Material Thickness:

0.047 inches

End Application:

Mrap - rg-33

Special Features:

Carbon steel material

Material:

Steel

Surface Treatment:

Phosphate and zinc

Style Designator:

Split helical-right hand

Specification Data:

Asme b18.24.3-1998 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
