Hole Diameter:

1.000 inches

Overall Height:

0.122 inches

Material Thickness:

0.063 inches

End Application:

German air force

Product Name:

Washer, spring tension

Special Features:

Material is chrome vanadium steel

Material Specification:

Aisi6150 assn standard all material responses

Style Designator:

Spring tension

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
