**End Application:**

5980-01-558-1080; electro-optics maintenance shop set

**Product Name:**

Sealing blind rivet domed

**Special Features:**

Material thickness range .126 to .250; hole size .257 to .261; drill size f; length .485 inch; head diameter (a).525 inch; head height (b) 0.99 inch; shear strength 900 lbs

**Material:**

Aluminum alloy and steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A021a0
