End Application:

5980-01-558-1080; electro-optics maintenance shop set

Product Name:

Sealing blind rivet domed

Special Features:

Finish plain; aluminum type 5056; thickness range .376 to .500 inches; dia .188 inches; hole size .192-.196 inches; tensile strength 840 pounds

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A021a0
