Hole Diameter:

0.421 inches

Outside Diameter:

0.828 inches

Internal Keyway Width:

0.120 inches

Major Thickness:

0.042 inches

Product Name:

Washer, key retaining, ball and roller bearing, light series

Special Features:

Mat: alloy steel ams-6350

Surface Treatment:

Phosphate

Style Designator:

Key

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
