Thread Direction:

Right-hand

Locking Feature:

Prevailing torque all metal design

Nut Style:

Hexagon

Nut Height:

0.437 inches

End Application:

3895-01-577-2425

Width Across Flats:

0.750 inches

Thread Series:

Unc

Thready Qty Per Inch (tpi):

13

Thread Size:

0.500 inches

Bearing Surface Type:

Chamfered

Product Name:

Toplock hex locknut

Special Features:

Zinc-plated grade 5 steel

Material:

Steel

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A021a0
