**Thread Direction:**

Right-hand

**Locking Feature:**

Prevailing torque all nonmetallic design

**Nut Style:**

Hexagon

**Nut Height:**

Between 0.438 inches and 0.468 inches

**Width Across Flats:**

Between 0.551 inches and 0.564 inches

**Thread Series:**

Unc

**Thread Size:**

0.375 inches

**Product Name:**

Nut, self lock, hex, non-metallic, lock feature

**Special Features:**

Remove burrs & slivers

**Material:**

Steel comp 316 nut

**Material Specification:**

Asme y14.5m national std/spec 1st material response and astm f594 national std/spec 2nd material response

**Specification Or Standard:**

2b grade

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A021a0
