Hole Diameter:

0.260 inches

Outside Diameter:

0.690 inches

Recess Diameter:

0.550 inches

Material Thickness:

Between 0.17 inches and 0.19 inches

End Application:

3930-01-599-9978

Recess Angle:

82.0 degrees

Product Name:

Nylon countersunk washer

Special Features:

Washer will not scratch smooth surfaces; washer is reliable from minus 40deg to plus 185deg

Color:

Black

Material:

Plastic nylon

Material Specification:

6/6 nylon mfr ref single material response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
