**Hole Diameter:**

0.250 inches

**Outside Diameter:**

0.437 inches

**Overall Height:**

0.075 inches

**End Application:**

5410-01-592-9463

**Product Name:**

Washer, sealing

**Special Features:**

Neoprene seal has temp range of -80deg f to 300deg f; seal is chemically resistant to water, gasoline, petroleum oils, salt sprays, alkali, some acids, organic and aromatic solvents, detergents, ozone, hydrocarbons, oxygenated and chlorinated solvents

**Material:**

Rubber neoprene sealing element

**Style Designator:**

Concave

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A022b0
