Thread Direction:

Right-hand

Locking Feature:

Prevailing torque all metal design

Nut Style:

Hexagon

End Application:

NSN2-42-001-5354

Thread Size:

24.0 millimeters

Product Name:

Standard hexagon self lock nut

Surface Treatment:

Aluminum alloy

Surface Treatment Specification:

Jcb standard std00017 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A021a0
