Hole Diameter:

Between 1.252 inches and 1.256 inches

Outside Diameter:

Between 2.381 inches and 2.391 inches

Recess Diameter:

Between 1.435 inches and 1.445 inches

Material Thickness:

Between 0.099 inches and 0.119 inches

End Application:

Cable assembly

Recess Angle:

90.0 degrees

Product Name:

Washer, countersunk, for use with bolts and nuts

Material:

Steel comp 4130

Surface Treatment:

Cadmium and chromate

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
