Hole Diameter:

Between 0.522 inches and 0.538 inches

Outside Diameter:

Between 0.992 inches and 1.008 inches

Overall Height:

0.13 inches

End Application:

Ciws class ii

Product Name:

Washer, lock, two piece

Material:

Stainless steel

Material Specification:

Aisi 316l assn standard single material response

Style Designator:

Two piece interlocking

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
