Hole Diameter:

Between 0.535 inches and 0.540 inches

Outside Diameter:

Between 0.940 inches and 0.950 inches

Recess Diameter:

Between 0.650 inches and 0.660 inches

Material Thickness:

Between 0.071 inches and 0.085 inches

End Application:

Various c-5 aircraft

Hardness Rating:

Between 39.0 rockwell c and 45.0 rockwell c

Recess Angle:

Between 44.0 degrees and 46.0 degrees

Product Name:

Washer, countersunk and plain 1/32 oversized

Material:

Steel comp 4130

Surface Treatment:

Cadmium

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
