Hole Diameter:

0.109 inches

Outside Diameter:

0.266 inches

Material Thickness:

Between 0.020 inches and 0.040 inches

End Application:

Isil rq-21a

Countersink Angle:

90.0 degrees

Product Name:

Navy: washer, retaining; cage: off-white nylon self-retaining washer

Special Features:

Material is nylon 6/6; for use with screw size: no. 4/ m3; temperature: m40.0/p185.0 degree f

Color:

White

Material:

Plastic nylon

Style Designator:

Countersink internal teeth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
