Hole Diameter:

1.280 inches

Outside Diameter:

2.036 inches

Material Thickness:

0.312 inches

Environmental Protection:

Corrosion resistant

End Application:

Kc-46a support equipment

Hardness Rating:

38.0 rockwell c

Product Name:

Zinc-plated steel split lock washer

Special Features:

Rohs compliant

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

Split helical-right hand

Specification Data:

Asme b18.21.1 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
