First End Style:

Square

Overall Length:

0.312 inches

Undercut Width:

0.048 inches

Undercut Radius:

0.024 inches

Intermediate Diameter:

0.101 inches

Second End Relationship With First End:

Identical

Pin Small End Diameter:

0.093 inches

First End Location:

Both ends

Material:

Steel comp 1112 or steel comp 1212

Material Specification:

66 federal standard all material responses

Surface Treatment:

Zinc

Style Designator:

One half groove

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
