First End Style:

Square

Pinlength:

0.390 inches

Pindiameter:

Between 0.1240 inches and 0.1250 inches

Second End Relationship With First End:

Identical

Special Features:

Both ends of pin countersunk 0.093 in. Diameter by 90 degrees

Material:

Steel

Material Specification:

S80 fscm 04253 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
