Head Style:

Flat

Chamfer Length:

0.057 inches

Diameter:

0.188 inches

Under Head Length:

0.470 inches

Hole Arrangement Style:

One end drilled

First Hole Diameter:

0.064 inches

Distance From Centerline Of Hole To End Of Pin:

0.088 inches

Hardness Rating:

248.0 brinell standard and 302.0 brinell standard

Pin Chamfer Angle:

15.0 degrees

Pin Head Diameter:

Between 0.303 inches and 0.328 inches

Height:

Between 0.050 inches and 0.070 inches

Material:

Steel

Material Specification:

S105 fscm 05901 mfr ref single material response

Surface Treatment:

Cadmium

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
