Diameter:

Between 0.220 inches and 0.225 inches

Underloop Length:

Between 3.875 inches and 4.125 inches

Point Type:

Extended prong mitre end

Hardness Rating:

55.0 rockwell superficial 15-n and 67.0 rockwell superficial 15-n

Material:

Steel comp 302 or steel comp 304

Material Specification:

66 federal standard all material responses

Surface Treatment:

Passivate

Style Designator:

Standard

Departure From Cited Designator:

As modified by point style and packing data

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
