Diameter:

Between 0.028 inches and 0.036 inches

Underloop Length:

0.500 inches

Point Type:

Bevel

Material:

Copper alloy 360

Material Specification:

Sae 72 assn standard single material response

Style Designator:

Standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
