First End Style:

Slotted

Second End Style:

Square

Pinlength:

1.531 inches

Pindiameter:

Between 0.3920 inches and 0.3935 inches

First End Slot Width:

0.062 inches

First End Slot Depth:

0.078 inches

Second End Relationship With First End:

Not identical

Criticality Code Justification:

Achu

Surface Finish:

63.0 microinches head outside diameter

Material:

Copper alloy

Material Specification:

455 grade 462 or 464 military standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
