First End Style:

Square

Pinlength:

1.380 inches

Pindiameter:

Between 0.4210 inches and 0.4260 inches

Second End Relationship With First End:

Identical

Special Features:

0.062 in. Diameter hole through center and color natural

Material:

Plastic epoxy

Material Specification:

L-p-509, type 4, gr g-10 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
