Head Style:

Flat

Chamfer Length:

0.015 inches

Diameter:

0.125 inches

Under Head Length:

0.469 inches

Hole Arrangement Style:

One end drilled

First Hole Diameter:

0.062 inches

Distance From Centerline Of Hole To End Of Pin:

0.059 inches

Pin Chamfer Angle:

45.0 degrees

Pin Head Diameter:

0.250 inches

Height:

0.062 inches

Material:

Steel comp 303 or steel comp 303se or steel comp 303 plus x

Material Specification:

Ams 5640 assn standard single material response

Surface Treatment:

Passivate

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
