Head Style:

Watertight

Chamfer Length:

0.020 inches

Diameter:

0.12665 inches

Under Head Length:

0.420 inches

Hole Arrangement Style:

One end drilled

Distance From Centerline Of Hole To End Of Pin:

0.3275 inches

Hardness Rating:

35.0 rockwell c and 40.0 rockwell c

Pin Chamfer Angle:

45.0 degrees

Pin Head Diameter:

0.190 inches

Height:

0.040 inches

Material:

Stainless steel

Material Specification:

Qq-s-763, cond a federal specification single material response

Surface Treatment:

Passivate

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
