Overall Length:

1.000 inches

Overall Height:

0.250 inches

Overall Width:

0.250 inches

Mounting Hole Thread Class:

2b

Mounting Hole Depth:

0.250 inches

Key Chamfer Length:

0.016 inches

Mounting Hole Thread Series Designator:

Unf

Mounting Hole Thread Size:

0.250 inches

Distance From Mounting Hole Center To End:

0.500 inches

Starting Edge Shape:

Chamfered

Key Chamfer Angle:

45.0 degrees

Mounting Hole Type And Quantity:

1 threaded

Material:

Steel comp 430

Material Specification:

Qq-s-763 federal specification single material response

Surface Treatment:

Oxide

Style Designator:

Plain

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
