Diameter:

Between 0.275 inches and 0.280 inches

Underloop Length:

Between 2.375 inches and 2.625 inches

End Application:

2320-01-097-0248, 2320-01-097-0249, 2320-01-100-7672, 2320-01-097-0260, 2320-01-195-7641, hemtt family (heavy expanded mobility tactical trucks)

Point Type:

Extended prong square cut

Hardness Rating:

55.0 rockwell superficial 15-n and 67.0 rockwell superficial 15-n

Material:

Steel comp 302 or steel comp 304

Material Specification:

66 federal standard all material responses

Surface Treatment:

Passivate

Style Designator:

Standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
