Diameter:

Between 0.028 inches and 0.031 inches

Underloop Length:

Between 2.440 inches and 2.560 inches

Point Type:

Standard or hammer lock

Hardness Rating:

65.0 rockwell superficial 15-n and 78.0 rockwell superficial 15-n

Material:

Steel

Material Specification:

Astm a493 assn standard all material responses

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Astm a380 assn standard single treatment response

Style Designator:

Standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
