Head Style:

Dee

Distance From Centerline To Flat:

0.562 inches

Chamfer Length:

0.094 inches

Diameter:

1.125 inches

Under Head Length:

3.937 inches

Hole Arrangement Style:

One end drilled

First Hole Diameter:

0.281 inches

Distance From Centerline Of Hole To End Of Pin:

0.344 inches

Pin Chamfer Angle:

15.0 degrees

Pin Head Diameter:

1.500 inches

Height:

0.250 inches

Material:

Steel comp 1040 or steel comp 1045

Material Specification:

Sae 1040 assn standard 1st material response and sae 1045 assn standard 2nd material response

Surface Treatment:

Cadmium

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
