Fabrication Method:

Cold formed

Fastener Length:

2.000 inches

Head Style:

Flat

Head Diameter:

0.280 inches

Shank Diameter:

0.113 inches

Shank Style:

Smooth round

Point Style:

Diamond

Sterilized:

No

Decorative Head:

No

Material:

Steel

Material:

Steel

Reference Number Differentiating Characteristics:

As differentiated by the regular shank type, diamond point, strip cohered requirement

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A04300
