Overall Length:

0.495 inches

Overall Height:

0.671 inches

Overall Width:

0.188 inches

Starting Edge Radius:

0.094 inches

Features Provided:

Casehardened

Shear Strength:

180000 single pounds per square inch

Starting Edge Shape:

Round

Material:

Steel comp 4140

Surface Treatment:

Chromium

Surface Treatment Specification:

Qq-c-320, type 1 federal specification single treatment response

Style Designator:

Octagon shape

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
