First End Style:

Radius

Pinlength:

0.250 inches

Pindiameter:

0.0620 inches

First End Corner Radius:

0.020 inches

Second End Relationship With First End:

Identical

Surface Finish:

32.0 microinches

Material:

Iron alloy 660

Material Specification:

5735 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A212a0
