First End Style:

Radius

Pinlength:

Between 0.319 inches and 0.329 inches

Pindiameter:

0.1230 inches

First End Corner Radius:

Between 0.020 inches and 0.030 inches

Second End Relationship With First End:

Identical

Special Features:

Flat surface one side 0.115 in. Min, 0.125 in. W

Material:

Aluminum alloy

Material Specification:

Ams 4640 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
