First End Style:

Oval

Overall Length:

3.000 inches

Intermediate Diameter:

0.525 inches

Second End Relationship With First End:

Identical

Pin Small End Diameter:

0.500 inches

First End Location:

Both ends

First End Outer Radius:

0.625 inches

Material:

Stainless steel

Surface Treatment:

Passivate

Surface Treatment Specification:

Qq-p-35, type 1 federal specification single treatment response

Style Designator:

One half groove

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
