Overall Length:

1.625 inches

Diameter:

0.187 inches

Material Thickness:

0.040 inches

Hardness Rating:

32.0 rockwell c and 42.0 rockwell c

Shear Strength:

2600 double pound

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Astm b194 assn standard all material responses

Style Designator:

Slotted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
