First End Style:

Square

Pinlength:

0.590 inches

Pindiameter:

Between 0.0933 inches and 0.0935 inches

Second End Relationship With First End:

Identical

Surface Finish:

40.0 microinches

Material:

Steel comp 302 or steel comp 303

Material Specification:

Astm a580 assn standard 1st material response or astm a582 assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
