First End Style:

Square

Pinlength:

0.500 inches

Pindiameter:

Between 0.1870 inches and 0.1880 inches

Second End Relationship With First End:

Identical

Material:

Steel comp 630

Material Specification:

Ams 5643 assn standard single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Mac p.S. 13001, fscm 33068 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
