Head Style:

Flat chamfer

Chamfer Length:

0.020 inches

Diameter:

0.2501 inches

Under Head Length:

0.590 inches

Cubic Measure:

0.09386 cubic inches

Pin Chamfer Angle:

45.0 degrees

Pin Head Diameter:

0.380 inches

Surface Finish:

32.0 microinches shank end

Special Features:

Heat treatment: quench and temperto rc 58-62

Height:

0.060 inches

Material:

Steel

Material Specification:

Aisi-01 assn standard single material response

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
