First End Style:

Square

Hole Arrangement Style:

Drilled through center

First Hole Diameter:

Between 0.035 inches and 0.045 inches

Pinlength:

Between 0.210 inches and 0.220 inches

Pindiameter:

Between 0.1557 inches and 0.1560 inches

Second End Relationship With First End:

Identical

Surface Finish:

8.0 microinches outside diameter

Special Features:

Caseharden

Material:

Steel comp 410

Material Specification:

Ams 5613 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
