First End Style:

Square

Pinlength:

1.250 inches

Pindiameter:

Between 0.3751 inches and 0.3753 inches

Second End Relationship With First End:

Identical

Surface Finish:

32.0 microinches outside diameter

Special Features:

Flat on one side

Material:

Nickel alloy 400

Material Specification:

Qq-n-281 cl a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
