First End Style:

Square

Overall Length:

1.500 inches

Diameter:

0.375 inches

Effective Length:

1.157 inches

Undercut Diameter:

0.312 inches

Undercut Width:

0.125 inches

Second End Relationship With First End:

Identical

First End Location:

Both ends

Surface Finish:

63.0 microinches outside diameter

Material:

Nickel alloy k-500

Material Specification:

Qq-n-286 form 2 federal specification single material response

Style Designator:

Groove

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
