First End Style:

Square

Overall Length:

1.870 inches

Diameter:

0.188 inches

Effective Length:

1.750 inches

Undercut Diameter:

0.147 inches

Undercut Width:

0.029 inches

Second End Relationship With First End:

Identical

First End Location:

Grooved end

Material:

Steel comp 303

Material Specification:

Aastm-a582, cond a national specification single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Mil-f-14072 military specification single treatment response

Style Designator:

Groove

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0

Mil-std (military Standard):

Mil-f-14072 spec.
