Overall Length:

1.500 inches

Diameter:

0.312 inches

Expanded Diameter:

Between 0.324 inches and 0.337 inches

Special Features:

Both ends swaged chamfered 0.304 in. Largest diameter, 0.080 in. Reference length; finish plain, oiled

Material:

Steel comp 1070 or steel comp 1074 or steel comp 1075 or steel comp 1078 or steel comp 1080 or steel comp 1084 or steel comp 1085 or steel comp 1086 or steel comp 1090 or steel comp 1095

Material Specification:

Aisi assn standard all material responses

Style Designator:

Coiled

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
