First End Style:

Square

Pinlength:

3.750 inches

Pindiameter:

Between 0.1245 inches and 0.1247 inches

Second End Relationship With First End:

Identical

Material:

Steel comp 403

Material Specification:

Qq-s-764 federal specification single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Qq-p-35, type ii federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
