First End Style:

Square

Overall Length:

0.263 inches

Intermediate Diameter:

0.083 inches

Second End Relationship With First End:

Identical

Pin Small End Diameter:

0.083 inches

First End Location:

Square end

Special Features:

Aircraft model hh65a cylinder and inflation valve is appl.; includes four grooves 0.125 in.Lg

Material:

Steel

Style Designator:

One half groove

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
