First End Style:

Square w/thru hole

Overall Length:

8.000 inches

Diameter:

1.312 inches

End Application:

Ma-1a system

Second End Relationship With First End:

Identical

First End Location:

Both ends

Special Features:

Two holes drilled through 0.140 in min and 0.146 in. Maximum placed 4.690 in. Min and 4.810 in. Maximum from one end

Material:

Plastic polyurethane

Style Designator:

Circular groove

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
