First End Style:

Square

Pinlength:

6.000 inches

Pindiameter:

Between 0.3700 inches and 0.3800 inches

Second End Relationship With First End:

Identical

Material:

Steel comp xm-13

Material Specification:

Ams5629 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
