Diameter:

Between 0.303 inches and 0.307 inches

Special Features:

1.660 in min 1.690 in maximum long w/two holes in head

Material:

Iron alloy 660

Material Specification:

Ams 5732 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
