Overall Length:

0.926 inches

Diameter:

0.250 inches

End Application:

Valve, ball

Special Features:

Pin has 700 psi, it is part of an actuator on a two-way valve

Material:

Stainless steel

Material Specification:

Asme b18.8.2 cl 304 assn standard single material response

Style Designator:

Slotted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
